

FLEXIBLES

VERTICAL PACKAGING SOLUTIONS THAT FIT

YOUR PRODUCT. YOUR BUDGET. YOUR NEEDS.

PACKAGING SOLUTIONS FOR OVER 40 YEARS

Rennco manufactures a full line of vertical packaging machinery and automated systems that create flexible packages and bags to suit your products and needs. Since 1969, companies around the world have depended on Rennco's automatic and semi-automatic solutions to package a wide variety of single, multiple and unusual shaped products. Rennco's fast, easy-to-use form, fill, and seal systems produce packages as small as two inches square up to 24"x 65", without the high cost of using pre-made bags. Rennco also designs and manufactures innovative product handling, counting, accumulating and feeding systems for complete automated solutions.

Versatile, reliable, cost-effective automation

501 model

PRODUCTS INCLUDE:

- · Baking Pans
- · Baseballs
- Bath Soap
- · Breathing Mask Kits
- Candy
- Card Decks
- Clothing
- Cups
- · Deer Feeder Blocks
- · Drawer Frame Kits
- Electronics
- Flatware
- Fresh Fruit
- Food Service Disposables
- · Guitar Strings
- Hardware Kits
- · Hospital Disposables
- · License Plates
- · Magazines
- · Medical goods
- Multi-packs
- · Oil Filter Kits
- · Paint Brush
- Pencils
- · Plastic Model Kits
- Plastic Tumblers
- · Printer Ribbons
- · Railings
- Razors
- · Safety Glasses
- Screws
- · Sports Equipment
- Stickers
- Textiles
- Twine

THE RENNCO ADVANTAGE

Rennco's versatile machines deliver year-after-year reliability and value that simply can not be matched by other vertical baggers or options using pre-made bags.

HERE IS THE RENNCO ADVANTAGE

- **Experience.** More than 5,000 packaging equipment solutions delivered to more than 1,400 customers in 47 countries.
- **Expertise.** Rennco engineering and technical support team excels at solving packaging challenges.
- Support. One of the leading reasons for Rennco's many repeat customers. Rennco stands behind all of their solutions with courteous, responsive customer support and comprehensive aftermarket services and parts.
 Rennco is also powered by ProMach, one of the largest designers and manufacturers of packaging equipment.
- Versatility. Rennco machines easily adjust to run multiple product sizes and shapes. Rennco machines operate efficiently as part of a fully automated system or as a stand alone component.

- Reliability. Heavy-duty construction and design provides reliable service 24/7, year after year.
- Innovation. Rennco's innovative low energy and constantcoated seal system provides smokeless, odorless package sealing with less material buildup. The uptime seal-jaw assembly provides precise tool-less adjustment, consistent repositioning and improved performance.
- Value. Small footprint, high efficiency, and savings on material cost over pre-made bags provide years of value and low total cost of ownership.

Vertical packaging solutions designed to meet your needs and product requirements

MODEL 201

FEATURES AND BENEFITS

- Versatile packager for smaller products up to 8"x 10"
- Small footprint pouch pack/kit packing system
- Significant cost savings over pre-made bags
- · Easily interfaced with infeed systems
- · Many available options

SPECIFICATIONS	MODEL 201/201PP	
Machine Dimensions	26" w x 29" d x 56" h	
	(66 cm x 74 cm x 142 cm)	
Standard Vertical Seal	8" (20.3 cm)	
Standard Horizontal Seal	10" (25.4 cm)	
Standard Jaw Opening	4-1/2" (11.4 cm)	
Electrical Requirements	110 v, 60 HZ, 1 ph, 8-14 amps*	
Air Requirements	.12 CFM per machine cycle at 80 PSI**	

MODEL 301

FEATURES AND BENEFITS

- Versatile packager for medium sized products up to 18"x 24"
- Easy to operate with quick, easy changeover
- Significant cost savings over pre-made bags
- User-friendly HMI and programmable changeover
- Easily interfaced with infeed systems
- Wide range of available options

SPECIFICATIONS	MODEL 301	MODEL 301 PP 60" w x 56" d x 75" h

MODEL 501

FEATURES AND BENEFITS

- · Versatile packager for large products
- Available in three different size configurations up to 24"x 65" in length
- User-friendly HMI and programmable changeover
- Significant cost savings over pre-made bags
- Easy to operate with quick, easy changeover
- · Easily interfaced with infeed systems
- · Widest range of features and options

VOYAGER

FEATURES AND BENEFITS

- Fully automatic vertical packager up to 60 packages/minute
- User-friendly HMI and programmable changeover
- Operator interface panel on a swivel arm that is easy to navigate and has easy to change machine settings
- Durable construction ready for production 24/7
- Servo driven film feed and adjustable film guide provides easy tool-less changeover
- Versatile packager for sizes up to 18"x 32"

SPECIFICATIONS	VOYAGER		
Machine Dimensions	54" w x 48" d x 70-3/4" h		
	(137 cm x 131.9 cm x 179.5 cm)		
Packing Speeds	up to 60 packages/min based on product s		
Standard Vertical Seal	14" (35.6 cm)

EASY FILM CHANGEOVER

A or B wind material can be used on any of the Rennco vertical models. Bag size changeover is accomplished by simply changing roll stock to the desired width, and adjusting the vertical adjustment wheel, or control, for different lengths.

- 1 Feed roller
- 2 Roll stock material
- 3 Horizontal seal
- 4 Roll stock arbor
- 5 Finished package
- 6 Guide roller
- 7 Load product
- 8 Trim
- 9 Vertical seal 10 Trim take-up

TECHNICAL SUPPORT AND SERVICE

Ensuring All Production Expectations Are Met

- Installation and Start Up of New Equipment. Experienced Rennco technicians provide assistance in setting up and testing in your plant to ensure all production expectations are met.
- PMMI Certified Training. We train in your plant, on your equipment.
- Follow-Up Training. Our technicians are available any time after the initial installation for follow-up training for new employees or to provide new information and techniques.
- System Upgrades. Rennco offers general or application-specific equipment upgrades. Some examples include PLC and electrical controls, servo-linear actuators, and seal assemblies, as well as adding basic packager options.
- Product Handling. Rennco offers automated product handling solutions for your existing packager. These include conveyors, product infeed mechanisms, and discharge systems.
- Machine Repair and Service. Rennco technicians provide timely repair
 assistance and general machine service. They offer equipment evaluations,
 assistance in achieving maximum production rates, and recommendations
 for upgrades and maintenance schedules.
- Refurbishing Packagers or Entire Systems. Cost effective and warranted factory refurbishing is available for most Rennco equipment.

AFTER-MARKET CUSTOMER SERVICES

- Competent Phone Service. Trouble shooting support for everything from mechanical adjustments to electrical controls, PLC programming, and recommended maintenance. Contact us at 800-701-1343.
- Parts Sales. Rennco takes pride in our responsive and supportive parts
 department. Most orders are shipped the same day and arrive at your door
 the next day, if required.

 After Hours Support. Call 517-449-8901 after 5 pm ET to speak with a service technician.

Manufacturers of consumer and food service disposables, hardware, consumer goods, medical goods, and industrial laundry services rely on Rennco for high-performance automatic and semi-automatic vertical bagging systems. As part of the ProMach Flexibles business line, Rennco helps our packaging customers protect and grow the reputation and trust of their consumers. ProMach is performance, and the proof is in every package.
